

Attention Friends:

Island County will be in Phase 1 of reopening, beginning January 12. This allows our museum to be open to same-household family tours of up to six – one group at a time. Their time allotment in the museum will be for up to one hour. If there are no others waiting to get in, their time is not limited.

Our Phase 1 **temporary** schedule will start **January 14**. We will be **open Thursday-Monday, from 10-4; Sunday 11-4**. Regular admission is by donation.

All who visit will be offered a **FREE** one-year membership (new members only), which will entitle them immediately to a 10% discount in our Museum Store.

We will also offer special VIP *guided* tours for same-household families of up to six by reservation only. Charges will apply for guided tours, based on the size and needs of the group, and the duration of the tour.

Questions or reservations, please call 360-678-3310, or email ed-ichs@whidbey.net. If we miss your call someone will get back with you as soon as possible.

Thanks for sticking with us. We'll get through this together, and we all look forward to seeing your smiles again!

The Docents, Volunteers, and Staff of your Island County Museum.
